Editorial note

On behalf of the Board of the Journal of Ecosystem and Ecography and my co-editors, I am glad to present the Volume 10, Issue 1 of the journal. The journal has now published 10 issues; three issues in a year. The journal has indexing sites like All published articles are assigned to Digital Object Identifier (DOI) - CrossRef.

All published articles of this journal are included in the indexing and abstracting coverage of:

- CAS Source Index (CASSI)
- Index Copernicus
- Google Scholar
- Sherpa Romeo
- Online Access to Research in the Environment (OARE)
- Open J Gate
- Genamics JournalSeek
- Ulrich's Periodicals Directory
- Access to Global Online Research in Agriculture (AGORA)
- Electronic Journals Library
- RefSeek
- Hamdard University
- EBSCO A-Z
- OCLC- WorldCat
- SWB online catalog
- Virtual Library of Biology (vifabio)
- Publons
- Geneva Foundation for Medical Education and Research

Average number of article are increasing and on an average we have a count of 250 papers. All these are promising signs. We could reach this stage through the constant support of Board Members and intellectual generosity of the readers and contributors (authors and reviewers). One of the objectives of this journal is to encourage publication from different streams of research that helps to enrich further. Readers can particularly notice progress made in this direction through the Book Reviews which is emerging as an important section of this journal. We take this opportunity to thank the authors/publishers for sending their books for review and excellent book review by authors.

As our is an open access journal , the authors have a glance on benefits of publishing your papers in our esteemed journal.

Through Open Access publication, authors benefit in number of ways:

- Standards of high-quality, rapid peer-review and production
- Enhances the visibility and presence of the author due to free dissemination and frequent citation
- Liberal licensing and re-use policy through Creative Commons license
- Easy and immediate Online access
- High Impact factor and chances of getting cited, thus enhances the author' s API Index

The journal releases special issue articles too and have an upcoming special issues like Ecological observatories: challenges and benefits, Environmental Biology ,Plant Economics

Journal is proud to complete its tenth year of establishment. Over the past years, the journal has strived to contribute to the academic discourse by publishing articles by both students and established scholars, as well as by both domestic and international authors. Our exclusively online journal has been successful: we have seen a steady increase in readership, article submissions, and citations to our published articles. However, we have also grown in less quantifiable ways: our reputation and visibility in the academic community continues to broaden, and our editorial board constantly reassesses and revises the editorial process to ensure the most efficient and satisfying experience for both authors and staff. It is due to the support of our faculty advisors, the hard work of our editorial staff, and the interest of our readers that we are able to celebrate our tenth-year anniversary, and we hope that this tripartite support continues in the future.
