

# Journal of Earth Science & Climatic Change

## Editorial Note

## Open Access

Dear Readers,

We are very much delighted to mention all of you that we have celebrated our 10<sup>th</sup> Anniversary in the arena of publishing and research on Earth and its climatic Changes. Over the past 10 years we have spread our wings across the globe and have collaborated with many scholars, researchers and budding scientific community who has contributed to our growth and success. Our combined continuous efforts has received a tremendous response and attracted billions of readers across the globe.

During the year 2019, all issues of volume 10 were published online well within the time and the print issues were also brought out and dispatched within 30 days of publishing the issue online. Journal of Earth Science and Climatic Change has published articles related to Atmosphere, Atmospheric Chemistry, Atmospheric inversions, Biosphere, Chemical Oceanography, Crystallography, Disaster Science, Earth Science, Ecology, Gemology, Geochemistry, Geochronology, Geomicrobiology, Geomorphology, Geosciences, Geostatistics, Glaciology, Mineralogy. Covering all the citations and the successful issue releases has made its The Index Copernicus Value is 84.95. Out of all the papers published Most of the papers were from United States of America, India and African subcontinents. Average publication lag time of an article was further reduced to 45 days.

Journal of Earth Science and Climatic Change is an Open Access journal and aims to publish most complete and reliable source of information on the discoveries and current developments in the mode of original articles, review articles, case reports, short communications, etc. in all areas of the field and making them freely available through online without any restrictions or any other subscriptions to researchers worldwide. The Journal is using Editorial Tracking System for quality in online manuscript submission, review and tracking. Editorial board members of Journal of Earth Science and Climatic Change or outside experts review manuscripts; at least two independent reviewer's approval followed by the editor is required for the acceptance of any citable manuscript.

The coming year we are going to publish the articles related to Planetary Science, Biosphere, Soil Science, Geochronology, Gemnology, Meteorology, Climatology, Glaciology, Geostatistics, Environmental Science, Atmosphere, Atmospheric Chemistry, Atmospheric inversions, Biosphere, Chemical Oceanography, Crystallography, Disaster Science,

Earth Science, Ecology, Gemology, Geochemistry, Geochronology, Geomicrobiology, Geomorphology, Geosciences, Geostatistics, Glaciology, Mineralogy, Analytical Toxicology, Climatology, Ecography, Ecosystem, Environmental Toxicology, Industrial Pollution and many other related topics.

As of today's society, the use of social media has become a necessary daily activity, it is a valuable tool locally and worldwide, so we will communicate with the Researchers, Students, Scholars, Scientists, Professors, Deans, Institutes, Universities, and all the members related to the subject through LinkedIn, Twitter, Face book, My Live Chart, WhatsApp. We post the upcoming Issue and Journal highlights and current research works in social networks, So that all the members can work on the research and submit their papers.

I take this opportunity to acknowledge the contribution of authors during the final editing of articles published and the support rendered by the editorial assistant in bringing out issues of JESCC in time. I would also like to express my gratitude to all the authors, reviewers, the publisher, the advisory and the editorial board of Journal of Earth Science and Climatic Change, the office bearers and staff for their support in bringing out yet another volume of JESCC and look forward to their unrelenting support to bring out the Volume 11 of JESCC in scheduled time.
