

4th International Conference on Protein Engineering July 13-14, 2020 Webinar

Editorial Note

We had a huge success with the completion of 4th **International Conference on Protein Engineering Webinar** on July 13-14, 2020. The significance of the meeting was achieved due to the accumulation of all the related group of spectators of research scientists to share their Knowledge, Research work, Technologies, and furthermore trade of worldwide Information towards the correct crowd at ideal time. Congress has received a generous response from all over the world. This has been organized with the aim of endorsing the development of new perceptions and ideas for investigating the high level of knowledge reached by scientific community in the field of Pharmaceutical Sciences.

The conference was organized around the theme “*Moving forward to the future of life sciences*”. The congress entrenched a firm relation of future strategies in the field of Healthcare medicine.

We would like to thank accepted abstracts:

- Anil batta, Professor & head, Department of medical biochemistry, govt.medical college, India
- Isham alzoubi, Department of Surveying and Geometric Engineering, Engineering Faculty, University of Tehran, Iran
- Nicholas Jensen, Senior Lecturer , University of Southwest
- Shelby Hume, Senior Lecturer, Department of Applied Language Studies, University of South Hertfordshire, UK
- Zeeshan Razzaq, The University of Lahore Islamabad Campus, Pakistan

We would like to thank each and every participant of Protein engg meet 2020 webinar to make this a huge success. And special thanks to media partners for the promotion of our event.

The **Conference Series** Pharmaceutical Conferences aim to bring together the prominent researchers academic scientists, and research scholars to exchange and share their experiences on all aspects of Pharmaceutics. It is conjointly a knowledge domain platform for researchers, practitioners and educators to gift and discuss the foremost recent advances, trends, and issues in addition as sensible challenges and solutions adopted in the fields of Biopharmaceutics.

We are also glad to announce our upcoming conference “5th International Conference on Protein Engineering” scheduled on October 28-29, 2020, Dubai

The topics to be discussed are Protein Engineering, Genetic Engineering, Enzyme Engineering, Structure and Function of Proteins, Genomics & Structural Genomics, Protein Engineered Biomaterials, Molecular Modelling and Drug Designing
