

Frontier Novelties in Pharmacology and Toxicology during COVID-19

Jason Haxton

Museum of Osteopathic Medicine, AT Still University, Missouri, USA, E-mail: jhaxton@atsu.edu

Euro Pharmacology 2021 welcomes all the participants across the world to attend 16th Annual Congress on Pharmacology and Toxicology during September 14-15, 2021 which comprises prompt keynote presentations, Oral talks, Poster presentations and Exhibitions through Webinar.

Euro Pharmacology 2021 emphasizes on the Theme Exploring the Frontier Novelties in Pharmacology and Toxicology during COVID-19 focuses on the importance to recognize drugs and how they can influence human physiology. It is with better knowledge of Pharmacology one can know the right dose and quantity forms of medicines. More research in pharmacology deals with recognizing and reacting to drug exchanges and its side impacts along with its method of action, its therapeutic index and thereby treats accordingly. More intensive study with the interaction between drug combined with its therapeutic effect helps to identify the properties of ideal drugs.

A **webinar** is an online seminar that turns a presentation into a real-time conversation from anywhere in the world. Webinars allow large groups of participants to engage in online discussions or training events and share audio, documents or slides – even when they're not in the same place as the meeting host or in the same room where the event or presentation is taking place.

Benefits:
