

## Past Conference Report : Biotechnology Summit 2020

**Oscar Fornas**

*Pompeu Fabra University and Centre for Genomic Regulation in Barcelona, Spain*

We extend our heart whelming thanks to all of our excellent keynotes, speakers, conference attendees, students, media partners and guests for joining Biotechnology 2020. AAC hosted the event Annual Congress on Advances in Biotechnology during February 17-18, 2020 at Paris, France with the theme "Recent Enhancement in Academic and Industrial Research". The benevolent and active contribution was received from the Editorial Board members of supporting International journals as well as the Organizing Committee Members, Academic scientists, researchers, students who made this event successful. The meeting engrossed a vicinity of comprehensive discussions on novel subjects like Medical Biotechnology, NanoBiotechnology, Biomedical Engineering, Industrial Biotechnology, Reproductive Biotechnology, Genetic Engineering and rDNA technology, Applied Biotechnology, Bioinformatics and Biosensor, Bioproducts and Bioenergy.

The conference was commenced with an opening ceremony followed by Keynote sessions and followed by a series of lectures delivered by members of the Keynote forum. The adepts who promulgated the theme with their exquisite talk were:

Desineni Subbaram Naidu - University of Minnesota Duluth, USA

Magnus S Magnusson - University of Iceland, Iceland

Cahyono Agus - Universitas Gadjah Mada, Indonesia

Angelita Moreira - Federal University of Pelotas (UFPel), Brazil

Sanae El Maaloum - Sanae El Maaloum, Morocco

Rafael G. Pereira-Carvajal - Universidad Nacional de Colombia, Colombia
