

Podiatry 2020 scheduled during December 10-11, 2020 at Dubai, UAE

Ergun Demirsoy

Kolan International Hospital, Turkey, E-mail: ergundemirsoy@hotmail.com

[Foot and ankle](#) joint surgery could be a sub-specialty of orthopaedics and medical specialty that deals with the treatment, designation and interference of disorders of the foot and ankle joint. Orthopaedic surgeons are medically qualified, having been through four years of school, followed by four years of graduate school to get Associate in Nursing M.D. or D.O. followed by specialist coaching as a resident in medical science, and solely then do they sub-specialise in foot and ankle joint surgery. Surgery is taken into account to be a final possibility once

The Podiatry 2019 team was delighted to had:

Dr. Ergun Demirsoy from Kolan International Hospital, Turkey who gave a talk entitled "Surgical Treatment of Atrial Fibrillation: Today's Questions and Answers".

Dr. Rani Kanthan from University of Saskatchewan, Canada who gave a talk entitled "Mixed Tumors of the Colon and Rectum: A Review".

ME Conferences is glad to schedule the "**International Conference on Foot and Ankle Surgeons**" during **December 10-11, 2020 at Dubai, UAE**. Meet different international podiatrists to discuss the upcoming new
