Applied Microbiology Webinar: It is our great pleasure to invite you to participate in the 8th World Congress and Expo on Applied Microbiology which is an [Online Webinar](#) which will take place during September 28-29, 2021. The dedicated webinar theme is: **Role of Applied Microbiology towards COVID-19 and other Viral Diseases**. The purpose of the webinar is to bring together microbiologists, virologists, Health Care Professionals and many experts to discuss the complex interactions of microbiological and infectious diseases. This meeting will enable exchange of ideas and knowledge between different disciplines for facilitating research and clinical interdisciplinary collaborations focusing on [microbiology](#). Let's join hands for the future of this world, for the Next-gen of mankind, for the prospective and collective efforts to change what is within our reach and means. Our collaborative efforts have the power to change the destiny of those who are going to be affected by this type of novel viruses look up to us, [Microbiologists](#), Virologists, Epidemiologists, Biotechnologists, and all of us who deal with Microorganisms.

The Webinar Sessions includes: [Medical Microbiology](#), Antimicrobial Agents and Resistance, Clinical Infections and Vaccines, Clinical and Public Health Microbiology, [Pharmaceutical Microbiology](#), Industrial Microbiology, Microbial Biotechnology and Future Bio industries, Applied and Environmental Science, Host-Microbe Biology, Microbial Ecology and Evolution, Molecular Biology and Physiology, Food Microbiology, Environmental Microbiology (Soil Microbiology & Water Microbiology), Aquatic and Marine Microbiology.

Our Organizing Committee includes Renowned Scientists, Researchers and Experts in the fields such as **Richard P. Novick**, USA, **Dr. Jos van der Vossen**, TNO Quality of Life, Netherlands, **Ahmed G. Hegazi**, Egypt, **Maurizio Provenzano**, Switzerland. By seeking suggestions from our committee members Applied Microbiology 2020 webinar is been designed with 20 sessions which comprises of all topics in the field of [Microbiology](#). All the submission towards [applied microbiology webinar](#) are rigorously peer reviewed to ensure to accept high quality

submissions by the committee members who are well experienced in their field and from various countries around the globe.

If you are looking for a global exposure for your novel research ideas and services, then this [webinar](#) would be the right place for you. As we are one of the world's leading specialist in organizing scientific conferences, workshops, symposia and exhibitions Internationally in different fields like Medical, Pharma, Engineering, Science, Technology and Business attracting more than 25 Million+ Visitors, 25000+ unique visitors per conference and 70000+ page views for every individual conference would help in quantifying our presenters research and biography visibility to the online communities and get recognized worldwide. As we're seeing the impact of COVID-19 (Coronavirus) across healthcare globally. In this webinar various eminent personalities will be sharing their clinical expertise, and professional insights about COVID-19 as well as about latest microbiology research to provide you with recommendations to optimally manage the [microbiology Webinar](#) of these patients who suffer from novel viruses.

Benefits:

- International Speaker Certification
- E-Handbook
- E-Conference Kit
- E-Certificate of Presentation
- Continuing Medical Education (CME) credits
- Continuing Professional Development (CPD) Credits
- Online Publication of Abstract and Biography in our website which has 25 million visitors
- Advertisement of Company Logo at Conference Website for Package A, Package B Business
- Career Development of Young Researchers
- Cost Effective, since no travel, accommodation or visa is required
- Hustle free experience
- Facility to access synchronous and asynchronous conferences at your time of convenience

-
- More number of delegates and speakers
 - Publication of full research articles in reputed journals with good impact factor
 - Accessibility to online conference recordings
 - Opportunity to share research at a global international platform
 - Live questionnaire sessions
 - Instant interaction with other participants
 - Global Exposure to the speakers through our conference websites

- Award for various categories
