Followed by the Successful Completion of the [Epidemiology 2020](#), we are planning for next 4<sup>th</sup> edition that we are hosting is “[European conference on Viral and Infectious Diseases 2021](#)” on May 27-28, 2021 in Copenhagen, Denmark.

The theme focused for the 2021 conference is “**Emerging Investigation to Eradicate Infectious Diseases**”.

Having you all with us for our [Viral Infection 2021](#) is a matter of great joy and excitement. We would like to know more about your research work for our coming Conferences.

Some tracks and Highlights for our next edition of Epidemiology and Infection are:

Epidemiology and Public Health, [Infectious Diseases](#), [COVID-19 and Vaccination](#), HIV/Tuberculosis, [Contagious diseases](#), Veterinary Epidemiology, [Cancer Epidemiology](#), Risk Factor & Obesity, Plague, [Hand Hygiene](#).

This event will bring together [Epidemiologist](#), Public health professionals, [Doctors](#), Biostatistician, Nutritionist, Healthcare professionals, Students etc.

We are expecting more than 100 Participants to enlighten the program. This time the [Infectious Diseases Congress](#) will organize several Oral/ Video/ Poster Presentations/Networking Sessions/Exhibition as we have introduced several new tracks to bring in more participants.

We are working forward to make this Congress a successful one

We welcome all the Health care Professionals, Delegates, Researchers, and Students to be at our [Viral Infection 2021](#) and make this a success.
