

Win Personal and Professional Recognition – Euro Biopharma Conference Awards

Jason Haxton

Director, Museum of Osteopathic Medicine, USA. E-mail: jhaxton@atsu.edu

It is an incredible delight and respect to stretch out our warm welcome to go to the “7th European Biopharma Congress” planned during April 27-28, 2020 in Prague, Czech Republic, with the theme “Determining Innovative study in biopharmaceutical sciences”.

Euro Biopharma 2020 will cover an entire spectrum of biotherapeutics, biopharmaceutical informatics, drug interactions - food, plants & diseases, pharmaceutical sciences, medicinal chemistry, and drug discovery. This scientific occasion will be a gathering of pharmacologists, pharmacists, scientists, industrialists, healthcare professionals, academicians, researchers, and students with a platform to disseminate their personal experiences to a wider public as well as to know interesting cases encountered by colleagues across the Globe and aims to provide a holistic exposure on cutting-edge technologies, new therapeutics, research and development, and challenges in the field of Biopharmaceutics.

Awards Announcement

Euro Biopharma 2020 offers emerging scholar awards to outstanding researchers, exceptional graduates or early academicians who have distinctive enthrallment towards the conference themes. The Award strives in providing a strong professional development opportunity for early career academicians-meeting experts in the field, interacting with colleagues from other parts of the world, and creating networks and long-term relations.

Expert Level (Scientific Service Achievement Award):

The Scientific Service Achievement Award is given to respect people in the pharmaceutical network who have shown excellent administration and made noteworthy commitments through their extraordinary profession accomplishments and support in the areas of Biopharmaceutical research.

Professional Level (The Research Contribution Award):

The Research Contribution Award will be given recognition of professional or academic research who have made an outstanding research (experimental, theoretical, scholarly) or service contribution that has advanced the discipline of Pharmaceutical Sciences.

Scholar Level (The Upcoming Researcher Award):

The organizing committee of Biopharmaceutics 2020 is glad to announce the Scholar Level Award to the budding and emerging researchers, scientists and individuals interested in pharmaceuticals research and who are having 10+ years research experience in the field of Biopharmaceutics.

Women Scientist (The Women of Science Award):

The Women of Science Award highlights major contributions by female scientists to Biopharmaceutical research. We cordially invite women scholars and scientists from Universities/Industries to who have 10+ years of research experience in the field of Biopharmaceutics to join the forum.

Outstanding speaker in Euro Biopharma 2020: Outstanding speaker award is recognizing the individual who will present their projects, strategies, and schemes that have been implemented to improve long-term excellence in Pharmaceutical Sciences.

Best Keynote Speaker in Euro Biopharma 2020:

Best Keynote Speaker award is recognizing for best keynote speaker who will present their projects, strategies, and schemes that have been implemented to improve long-term excellence in Pharmaceutical Sciences.

Best Poster Presentation in Euro Biopharma 2020:

Best Poster Competition is organized at the conference for upcoming researchers, graduates and post graduated to show their unique research.

Outstanding Master's/PhD/Postdoctorate thesis work presentation in Euro Biopharma 2020: The main aim of presenting Outstanding Master's/PhD/Postdoctorate thesis work Presentation award is to provide special recognition to the exemplary students who are still doing their Master's/PhD/Postdoctorate and have a thesis of their research work and are willing to give Presentation on their projects in international conferences that maybe helpful to improve long-term excellence in the field of Pharmaceutical Sciences.

It gives us immense pleasure to invite you to Euro Biopharma 2020 is going to be held in **Prague, Czech Republic** during **April 27-28, 2020**. We would request you to be a part of this conference and to present your excellent research work along with your co-researchers. It will definitely be a remarkable contribution towards the scientific world.
