Iqbal [1-4] raise broader questions about Chinese cultural identity and the role and expectations of the overseas Chinese-a people who have left their mark in almost every corner of the world, focused on the history of the Muslim Sulu community without entering Mindanao directly, restore the memory of the current Malaysia communities towards the leader of freedom fighters who defend the sanctity of Islam, the Malays and the dignity of the occupied homeland and focused on the impact of human capital on the level and distribution of household income and individuals in Malaysia. Hauer [5] tell the story of the philosophy of an image, a story of the relationship between a technical image and its exterior, figuration of the struggle between the analogue nature of the human body and the digital nature of the computer code, grasped through philosophical interpretation of technical images. Selvaraj [6] analyzed customer perception that is an important component of bank's relationship with its customers. Azalia et al. [7] found that community leaders' adoption of low-carbon lifestyle were strongly bound by their perception of attributes of the new lifestyle, however their inner innovativeness contribute significant moderating effects that either enhance or curtail their adoption. Sankar [8] focused the demonstration experience with Hemingway's health problems, influence on his life and writing. Satish [9] focus on India's relations with the neighbors who have the natural impact on its strategy or foreign policy. Shilpa and Sunita [10] revealed that through to multimedia affects early year students' personality. Advani [11] focuses on the social issue which is highlighted in Pakistan whereas minorities are targeted but it's not contemporary issue. Onjefu and Olalekan [12] examine the idea of human communication from a philosophical perspective. Ogundipe and Opafunso [13] evaluate the operation and effectiveness of cadastral system on mining title administration in Nigeria. Nwoye and Iyiola [14] paid attention to the composition of the traffic volumes, existence and effectiveness of load tonnage standards as well as the damage effects of overloading on the life span of the roads. Siti Harirotul, Al-Sadat and Abdul Majid [15] identify in depth the role of baby caretakers to sustain breastfeeding among working mothers who express breast milk. Bhat [16] discussed about Panchayati Raj that plays an important role at grass-root level in Indian democracy. Sankar and Jaya [17] focused the demonstration of the two great American writers, Ernest Hemingway and F. Scot Fitzgerald's experience with their own health problems, influence on their life and writing. Opafunso and Adepoju [18] examined the effectiveness of prisons reforms on the welfare of inmates in Ado Ekiti and Olokuta prisons in Ekiti and Ondo States respectively. Tedheke

Moses [19] found out that superfluous population is a creation of the type of a global political economy which has resulted in youth bulges here and there. Hassen [20] investigates culture-specific discourse based politeness principles in the multicultural society of Ethiopia. Buttigieg, et al. [21] concern with contemporary psychology and psychiatry that they assume too much on the basis of clinical assessments prone to many sources of error.
