Pediatrics is a branch of medicine which deals with the health (physical, mental & social) and medical care, and services including prevention, diagnosis & treatment of acute & chronic diseases in infants, children & adolescents up to the age of 18. Pediatricians are the medical practitioner specializing in the child health and their diseases.

The field pediatrics includes a broad range of subspecialties; few of them are **Neonatology**, Pediatric Cardiology, Pediatric Hematology/Oncology, Pediatric Surgery, Pediatric Emergency Medicine & Critical Care, Pediatric Infectious Diseases, Pediatric Hospice & Palliative Medicine, and Pediatric Pulmonology. We welcome all the attendees across the globe to get involved in the **2nd International Conference on Pediatrics, Neonatology and Healthcare** to be held at **Amsterdam, Netherlands** during **April 16-17, 2020** working under the Theme: 'Current Evolution and Advancements in Enhancing Pediatric Care.'

Pediatrics is a branch of medicine which deals with the health (physical, mental & social) and medical care, and services including prevention, diagnosis & treatment of acute & chronic diseases in infants, children & adolescents up to the age of 18. Pediatricians are the medical practitioner specializing in the child health and their diseases.

The field [pediatrics](#) includes a broad range of subspecialties; few of them are [Neonatology](#), Pediatric Cardiology, Pediatric Hematology/Oncology, Pediatric Surgery, Pediatric Emergency Medicine & Critical Care, Pediatric Infectious Diseases, Pediatric Hospice & Palliative Medicine, and Pediatric Pulmonology.

[Conference Series LLC Ltd.](#), organizes around 3000+ global events including international conferences, symposia, trade shows, workshops, exhibitions and science congresses in all the major scientific disciplines, including medical, pharmaceutical, technology, clinical, engineering, business management & life sciences

globally. Conference Series is conducting several Pediatric events globally which focuses primarily on [Pediatric Healthcare](#), Neonatology, Primary Care, Clinical Pediatrics and Pediatric Cardiology. These Pediatrics conferences witness researchers, academic professors, pharmacists, physicians & surgeons who endeavour to disseminate their research experience to escalate the forthcoming research ideas.

Pediatrics not just manages the physical & psychological wellness yet additionally social wellbeing of children. As per UNICEF, while the childhood death rate has been dropping in the Middle East since 2000, **415,000** kids in the locale keep on dying each year prior to their fifth birthdate. Middle East and Africa contain around 2% of worldwide social insurance use which anticipated that would develop consistently. Mechanical development and government undertakings to boost pediatric healthcare services area are driving the growth for pediatric social assurance in Middle East and Africa. Market for pediatric medical care in Middle East and Africa was about US \$48 billion of every 2016 and predicted that would reach US **\$63.6 billion** by 2023 at CAGR of 4.1%.
