

## Awards 2020 on 3<sup>rd</sup> Global Diabetes Summit

**Mojtaba Mafi,**

Medical Doctor/ Physician, School of Medicine, Tehran University of medical science, Iran, Email: [mojtaba12@hotmail.com](mailto:mojtaba12@hotmail.com)

### Expert Level

The award is recognition to the professionals who have made outstanding contributions to [endocrinology and diabetes](#) research development. It is the most prestigious award and designated as the Scientific Service Achievement award. The eligibility criterion for this award is that you must have at least 20+ years of public or private sector related experience. The winner of this award must have a committed interest and take the initiative to study recent trends and innovations on endocrinology and diabetic topics. You can nominate deserving of the award online.

### Professional Level

The award is for professional or academic researchers experience gained in the field of endocrinology in the public or private sector for experts with important accomplishments having 10+ years of research experience. The experience of part-time work will be regarded as a pro-rata. The experience will be calculated from the date when you received your (first) degree which will give you the title to join doctorate (in the country from where you obtained the degree or any other foreign country), even if the doctorate was never started. You may apply for the award online.

### Scholar Level

The conference is presenting the Scholar Level award for future scientists, researchers, and experts with 10+ years of diabetes and endocrinology research experience. The conference aims to offer the best platform for expanding your network by sharing your on-stage research knowledge. Presentation involves 25-30 minutes of oral debate on the conference theme-based scientific research topics along with 5-minute panel discussions. You can nominate online deserving of the award.

### Women Scientist

Our conference provides women scientists with a unique platform for an in-depth analysis of the latest research projects. We cordially invite university/industry women scholars and scientists with 10+ years of research experience to join the forum. We are glad to encourage our women scientist participants through research awards and provide assistance for women scholars in career development and research guidance through our collaborations. Women scientists can nominate deserving of the award online.

### Outstanding Speaker

The award is recognizing individual who will present their projects, strategies, and schemes in the field of endocrinology that has been implemented to improve long-term excellence. The individuals will be judged based on their research, their presentation skills, etc.

### Best Keynote Speaker

The award recognizes the best keynote speaker who will present the research study which is mainly underlying the theme of the conference revealing the most important message of the event. If you were confirmed as keynote presenter by the Program Manager, you can nominate someone deserving of the award online

### Best Poster Presentation

Student's poster competition is organized at the conference, to encourage students and graduates to exhibit their original research. Conference Series aims to set up a platform for all aspiring scientists and researchers to present their work in real-time and share their views and aspects relevant to the conference theme. You can nominate deserving of the award online

### Outstanding Thesis

This award is recognizing for Masters/Ph.D./Post Doctorate thesis work presentations who will exhibit their research studies. This award is for the individual

with best thesis which focused on the topic and gives good idea for general audience related to diabetic and endocrinology.
