The “38th International Conference on Nursing & Healthcare” hosted by conference series with the theme, “ Explore the Possibilities towards Better Healthcare” was successfully executed during Oct 16-18, 2017 New York, USA. The conference offered a unique opportunity to investigators across the globe in order to meet, explore, network and perceive new scientific innovations. The conference received commendable and active participation was received from the Editorial Board Members of OMICS Group Journals as well as from the global scientists, Professors, Academicians, Researcher Scholars and students from diverse field of Nursing.

The conference commenced with the presence of worthy Keynote forum and among the notable ones, few are listed below.

- “Periodic Cardiac Catheterization outcome – A single centre experience” by Kamel H , Helwan University Hospital, Cairo, Egypt
- “The impact of ranolazine on left ventricular ejection fraction, autonomic measures, and outcomes in patients with chronic heart failure” by Gary L. Murray Research Heart and Vascular Institute, USA.

Conference series is organizing “52nd World Congress & Expo on Advanced Nursing and Nursing Practice” which is going to be held on August 10-11, 2020 Beijing, China. The Theme of the conference is “Foundations of Nursing Practice”. This conference is going to cover the entire field related to Nursing, its complication and the management and it also cover what is the innovative treatment related to their disorders. Our Conference can review the major event in developing, upgrading and teaching Nursing. Our Discipline strongly bracing by the possibilities offered by nursing and by the progress in Nursing, needs this important moment, which can be reviewed by our International Conference Event. In the same way, the achievements of randomized clinical trials, epidemiological surveys, and large meta-analysis

will allow us to better understand the possibilities and advantages of our therapies and diagnostic approaches.

The conference highlights of 2020 are as follows:

[Nursing Practice](#), [Nursing Education & their Innovations](#), Adult Health Nursing, Surgical Nursing, Healthcare Management, Healthcare Case Studies, Women Health and Midwifery Nursing.
