

Editorial Note: Journal of Oncology Research and Treatment: Open Access

Dedeepya Kondapalli *

Department of Oncology Department of Oncology University of Medicine, Mumbai, India

Editorial Note: The Archives of Journal of Oncology Research and Treatment, Omics online publication, we are an organization that amalgamates Open Access Publications and International science events for the benefit of the global scientific community. The organization was established in the year 2007 with the sole aim of providing a platform for “Open Access” to the research information pertaining to diversified fields of Science and technology. We publish scholarly journals that can be easily accessed online without paying any subscription charges. Our organization plays an instrumental role in expanding the reach of research data in the real time, which in turn helps in furthering the research. Research Scholars, Students, Libraries, Educational Institutions, Research centers and industries are the main stakeholders that are benefitted from open access to research data. We also organize 3000+ International conferences across the globe, where knowledge transfer takes place through debates, round table discussions, poster presentations, workshops, symposia and exhibitions.

For the last 5 years, published papers have been under the strong and able leadership of our Editor-in-Chief’s Sang Ngoc Nguyen. Especially, we are thankful to for his continuous support and dedication towards the journal will not lost. We the publication office of Journal of Oncology Research and Treatment including me, we all are very honored and grateful for his selfless devotion towards the journal.

We provide a rapid turn-around time possible for peer reviewing and publishing the article online and to disseminate the articles freely for research, teaching and reference purposes.

Scope of the Journal: The scope includes Journal of Oncology Research and Treatments is an Open Access publishing that aims to focus on the most complete and reliable source of information on discoveries and current developments as original article, review articles, case reports,

Short communications, etc. related to Cancer research and therapy and provides free online access to the researchers worldwide.

The journal covers a whole lot of topics in this field related to Sarcoma Leukemia, Melanoma, Lymphoma, Neuroendocrine Tumors, Carcinoma, Brain and Spinal Cord Tumors, Germ cell tumors, Esophageal cancer, Metastatic Cancer, Somatostatinoma, Brachytherapy, Targeted Therapy, Radiation therapy, chemotherapy. Applied Strategies in 2020

We have applied many strategies in 2020, i.e.

Using contacting through Mobile (What Sapp) phones

Sent Call for papers for the eminent in the field

approaching the Editors suggested eminent

Approaching potential reviewers for the Call for papers

maintaining the frequency of articles

Conclusion

I wish to provide some perspective from the cycling research community of Archives of Journal of Oncology Research and Treatment with regard to a recent Editorial note of our Journal. I solely believe that the quality of the journal is based on the Eminence presence in the Editorial Board as well as Reviewer Board (potential reviewers) who strive to make the papers significantly productive and helpful for the scientific community.

Stay Safe & Healthy...!

Thank you!
