RE: Recommendation for Indexing Journal Women Health Care to PUBMED

Reference is made to heading above.

The **Journal of Women's Health Care** is an outstanding journal which has contributed to global professional analysis on women related issues. Currently this journal is aspiring to be indexed in PubMed. In support of this effort, I humbly request your consideration so that this journal may be accessed via PubMed which is one of the known online library.

I would like to take this opportunity, to recommend for the hard work of the editorial board members and journal staff who have worked tirelessly for the journal to establish its high professional standing and reaching this stage when the journal is seeking to be indexed in PubMed.

Thank you for your collaboration,

Dr. A. M. Makuwani,
Consultant Doctor,
Reproductive and Child Health Services,
Ministry of Health and Social Welfare,
