I hereby express my great interest and availability in continued service in **Journal of Nanomedicine & Nanotechnology** as an Editor, using my 10+years of research experience in nanotechnology. I further give my consent to disclose by the Journal my affiliation and contact information. I do not have any conflict of interest, which would interfere with this important service for science, medicine, and technology communities.

I certify that articles in Journal of Nanomedicine & Nanotechnology are published to the highest standards. Journal staff and editorial board members have worked very hard to establish these standards.

I strongly recommend this journal to be indexed in PubMed Central that will be beneficial for the biomedical research. Please do not hesitate to contact me if you have any questions or concerns.

Sincerely Yours,
