**RE: Journal of Leukemia**

To whom it may concern,

I hereby express my great interest in continued service on the Editorial Board of Journal of Leukemia. I further give my consent to disclose by the Journal my affiliation and contact information. I do not have any conflict of interest, which would interfere with this important service for science, medicine, and technology communities.

I strongly recommend this journal to be indexed in PubMed Central. I also appreciate that the editorial board members and journal staffs have input hard works for the journal to establish its high professional standing. I will look forward to continue working for the journal to elevate the journal to higher levels.

Sincerely,

C. Cameron Yin, MD, PhD
