Bethesda, MD U.S.A. 20894

I am writing to support *Journal of Addiction Research & Therapy* to be indexed in PubMed. The journal provides a comprehensive aspects of physiological, biochemical, genetic and behavioral pathways underlying addiction, and it has a wide audience via its open access format, which is a valuable platform to provide an unprecedented overview of a complex field of high societal significance. The editorial board members and journal staff have worked very hard for the journal to establish its high professional standing and there by recommending this journal to be indexed in PubMed.

Sincerely,

Cody Ding, Ph.D.
Professor of Measurement Psychology
Department of Educational Psychology, Research & Evaluation
University of Missouri-St. Louis
