Object: Letter of recommendation for the *Translational Medicine*

Dear Sir/Madam

I am writing hereby to wholeheartedly express my great interest in continued service in the *Translational Medicine* as an *Editor*. I further give my consent to disclose by the Journal my affiliation and contact information.

I do not have any pertinent conflict of interest which would interfere with this important service for science, medicine and technology communities.

Accordingly I recommend with the strongest possible emphasis the *Translational Medicine* to be indexed in PubMed Central. This unique open access journal has become a very good source of information related to clinical research and practice with many readers all throughout the world. I also sincerely appreciate the Editor-in-Chief and the other Editorial Board Members, as well as the Journal staffs whose hard work has established the Journal as an authoritative scholarly venue.

I remain at your disposal for any clarification.

Yours truly

Giuseppe Biondi-Zoccai, M.D.
