Recommendation of Epidemiology: Open Access for Indexing in PubMed Central

Epidemiology: Open Access has been publishing high quality of papers and in addition, issues are released regularly. Indexing of this journal in PubMed Central will increase the visibility of these articles and thus promote the journal.

I strongly recommend the Epidemiology: Open Access to be indexed in PubMed Central. The Journal staff and editorial board members have worked very hard for the journal to establish its high professional standing.

Yours sincerely,

Jane-Francis Akoachere, Ph. D
