

**Recommendation Letter**

I hereby express my great interest in continued service in Journal of Transplantation Technologies & Research as an Editor. I further give my consent to disclose by the Journal my affiliation and contact information. I do not have any conflict of interest, which would interfere with this important service for science, medicine, and technology communities.

I strongly recommend this journal to be indexed in PubMed Central. Journal staff and editorial board members have worked very hard for the journal to establish its high professional standing.

A handwritten signature in black ink, appearing to be 'JAG', is written over a solid horizontal line. Below this line is a dotted horizontal line. The signature is contained within a light pink rectangular background.
