

To the Attention of the **National Library of Medicine**  
**Building 38A - Room 4N-419**  
**8600 Rockville Pike**  
**Bethesda, MD U.S.A. 20894**

Shanghai the 11<sup>th</sup> of July 2013,

The Journal of AIDS & Clinical Research is increasingly contributing to quality publications in the field of AIDS and Clinical Research providing a space for innovative, groundbreaking and up to date research in this field which is not always available in the older and more established journals in the field. The online access also provides a platform for researchers in low to medium economy countries to showcase their research as well as accessing it freely.

I hereby express my great interest in continued service in Journal of AIDS & Clinical Research as an Editor. I further give my consent to disclose by the Journal my affiliation and contact information. I do not have any conflict of interest, which would interfere with this important service for science, medicine, and technology communities.

I strongly recommend this journal to be indexed in PubMed Central. Journal staff and editorial board members have worked very hard for the journal to establish its high professional standing.

Yours Sincerely,

**Lcysique**

Lucette A. Cysique, Ph.D.

NHMRC Clinical Career Development Fellow 2013-2016; Senior Lecturer
