Dear Sir or Madam:

I hereby express my great interest in continued service in Journal of Bioequivalence & Bioavailability as Editor in Chief and as an author. I further give my consent to disclose by the Journal my affiliation and contact information. I am on the board of directors of the Colon Cancer Alliance (www.ccalliance.org) and have a patent pending for treatment of early stage cancer. I do not have any other conflicts of interest, which would interfere with this important service for science, medicine, and technology communities.

I strongly recommend this journal to be indexed in PubMed Central. Journal staff and editorial board members have worked very hard for the journal to establish its high professional standing.
